

# About us

Be Cyber Streetwise is a cross-government campaign, funded by the National Cyber Security Programme, and delivered in partnership with the private and voluntary sectors. The campaign is led by the Home Office, working closely with the Department for Business, Innovation and Skills and the Cabinet Office.

We aim to measurably and significantly improve the online safety behaviour and confidence of consumers and small businesses (SMEs).

On this website we've collected links to all the great resources produced by partners, helping you find the information you need to protect yourselves, your families and your businesses.
