## Function

MAIN > About us > Function

Illegal & Harmful Information Report Center aims to improve a cyberworld for the Internet users, and its functions are as follows:

- Receive and deal with reports on illegal and harmful information.
- Consult with those who suffered from illegal and harmful information.
- Operate the Cyber-Patrol community and support their activities.
- Cooperate with domestic and foreign organizations against illegal and harmful information.
- Provide useful information for utilizing sound information.
- Offer "Internet Bluebird", an automated reporting system to netizens.
