(ii) the subscriber's identity, postal geographic, "electronic mail address, telephone and other access number, billing and payment information, or (iii) any other information available on the basis of the service agreement or arrangement on the site of the installation of communication equipment, or available on the basis of the service agreement or arrangement;

(w) "traffic data" means any data relating to a communication by means of an electronic system, generated by an electronic system;

(x) "Tribunal" means the Information and Communication Technologies Tribunal constituted under section 31; and

(y) "unauthorized access" means access of any kind by any person to any electronic system or data held in an electronic system.

CHAPTER-II

OFFENCES AND PUNISHMENTS

3. Criminal access .- Whoever intentionally gains unauthorized access to the whole or any part of an electronic system or electronic device, shall be punishable with imprisonment of either description for a term which may extend to three years, or with fine, or with both.
4. Criminal data access.- Whoever intentionally causes any electronic system or electronic device to perform any function which it is not designed to perform, or causes any damage to any data, shall be punishable with imprisonment of either description for a term which may extend to three years, or with fine, or with both.
- Explanation .- For the purpose of this section the expression "data damage" includes but not limited to modifying, altering, deleting or destroying any data.
6. System damage.- Whoever with intent to cause damage to the public or any person interferes with or interrupts or obstructs the operation of any electronic system or electronic device of either description for a term which may extend to three years, or with fine or, with both.
- Explanation .- For the purpose of this section the expression "services" include any kind of service provided through electronic system or electronic device.
7. Electronic fraud.- Whoever for wrongful gain interferes with or uses any data, electronic system or electronic device of either description for a term which may extend to three years, or with fine, or with both.
8. Electronic forgery.- Whoever for wrongful gain interferes with data, electronic system or electronic device, with intent to produce or cause to be produced any data which is not authentic, or to be considered or acted upon for legal purposes as if it were authentic, regardless of whether or not such data is so considered or acted upon, shall be punishable with imprisonment of either description for a term which may extend to three years, or with fine, or with both.
9. Misuse of electronic system or electronic device.- (1) Whoever produces, possesses, sells, procures, transports, imports, exports, or causes to be produced, possessed, sold, procured, transported, imported, or exported any part of an electronic system or electronic device which is capable of being accessed or its functionality compromised or reverse engineered, shall be punishable with imprisonment of either description for a term which may extend to three years, or with fine, or with both.
- Provided that the provisions of this section shall not apply to the authorized testing or protection of an electronic system for any purpose.
- (2) Whoever commits the offence described in sub-section (1) shall be punishable with imprisonment of either description for a term which may extend to three years, or with fine, or with both.
10. Unauthorized access to code.- Whoever discloses or obtains any password, access as to code, system design or any other information which is confidential or secret, or which is otherwise protected by law, shall be punishable with imprisonment of either description for a term which may extend to three years, or with fine, or with both.
11. Misuse of encryption.- Whoever for the purpose of commission of an offence or concealment of incriminating evidence, uses any electronic system or electronic device for encryption, shall be punishable with imprisonment of either description for a term which may extend to three years, or with fine, or with both.
12. Malicious code.- (1) Whoever willfully writes, offers, makes available, distributes or transmits malicious code through an electronic system or electronic device, shall be punishable with imprisonment of either description for a term which may extend to three years, or with fine, or with both.
- Provided that the provision of this section shall not apply to the authorized testing, research and development or protection of any electronic system or electronic device.
- Explanation,- For the purpose of this section the expression "malicious code" includes but not limited to a computer program or intervention including virus, worm or Trojan horse.
- (2) Whoever commits the offence specified in sub-section (1) shall be punishable with imprisonment of either description for a term which may extend to three years, or with fine, or with both.
13. Cyber stalking.- (1) Whoever with intent to coerce, intimidate, or harass any person uses computer, computer network, or any other electronic system or electronic device, shall be punishable with imprisonment of either description for a term which may extend to three years, or with fine, or with both.
- (a) communicate obscene, vulgar, profane, lewd, lascivious, or indecent language, picture or image;
- (b) make any suggestion or proposal of an obscene nature;
- (c) threaten any illegal or immoral act;
- (d) take or distribute pictures or photographs of any person without his consent or knowledge; or
- (e) display or distribute information in a manner that substantially increases the risk of harm or violence to any other person, or to the public.
- (2) Whoever commits the offence specified in sub-section (1) shall be punishable with imprisonment of either description for a term which may extend to three years, or with fine, or with both.
- Provided that if the victim of the cyber stalking under sub-section (1) is a minor the punishment may extend to ten years or with fine, or with both.
14. Spamming.- (1) Whoever transmits harmful, fraudulent, misleading, illegal or unsolicited electronic messages in bulk to any person, shall be punishable with imprisonment of either description for a term which may extend to three years, or with fine, or with both.
15. Spoofing.(1) Whoever establishes a website, or sends an electronic message with a counterfeit source intended to be believed as being from a person, shall be punishable with imprisonment of either description for a term which may extend to three years, or with fine, or with both.
16. Unauthorized interception.- (1) Whoever without lawful authority intercepts by technical means, transmissions of data to or from any person, shall be punishable with imprisonment of either description for a term which may extend to five years, or with fine not exceeding five hundred thousand rupees, or with both.
17. Cyber terrorism.- (1) Any person, group or organization who, with terroristic intent utilizes, accesses or causes to be accessed any electronic system or electronic device, shall be punishable with imprisonment of either description for a term which may extend to ten years, or with fine, or with both.
- Explanation 1.- For the purposes of this section the expression "terroristic intent" means to act with the purpose to alarm, frighten, or cause panic among the public, or to cause death or serious injury to any person, or to cause damage to any property, or to cause any other harm to the public, or to the sovereignty of Pakistan, or to the security of the State.
- Explanation 2.- For the purposes of this section the expression "terroristic act" includes, but is not limited to,-
- (a) altering by addition, deletion, or change or attempting to alter information that may result in the imminent injury, sickness, or death of any person, or to cause damage to any property, or to cause any other harm to the public, or to the sovereignty of Pakistan, or to the security of the State;
- (b) transmission or attempted transmission of a harmful program with the purpose of substantially disrupting or disabling any computer, computer network, or any other electronic system or electronic device;
- (c) aiding the commission of or attempting to aid the commission of an act of violence against the sovereignty of Pakistan, which may result in the imminent injury, sickness, or death of any person, or to cause damage to any property, or to cause any other harm to the public, or to the sovereignty of Pakistan, or to the security of the State;
- (d) stealing or copying, or attempting to steal or copy, or secure classified information or data necessary to manufacture any explosive, or any other dangerous substance, or any other weapon, or any other article which may be used in the commission of an act of violence against the sovereignty of Pakistan, which may result in the imminent injury, sickness, or death of any person, or to cause damage to any property, or to cause any other harm to the public, or to the sovereignty of Pakistan, or to the security of the State;
- (2) Whoever commits the offence of cyber terrorism and causes death of any person shall be punishable with death or imprisonment of either description for a term which may extend to ten years, or with fine, or with both.
18. Enhanced punishment for offences involving sensitive electronic systems.- (1) Whoever causes criminal access to any sensitive electronic system or electronic device, shall be punishable with imprisonment of either description for a term which may extend to ten years, or with fine not exceeding one million rupees, or with both. (2) For the purposes of any prosecution under this section, it shall be presumed, unless proved to the contrary, that the person who causes criminal access to any sensitive electronic system or electronic device, does so with the purpose to cause death or serious injury to any person, or to cause damage to any property, or to cause any other harm to the public, or to the sovereignty of Pakistan, or to the security of the State.
19. Of abets, aids or attempts to commits offence .- (1) Any person who knowingly and willfully abets the commission of or who aids or attempts to commit any offence under this Ordinance shall be punishable with imprisonment of either description for a term which may extend to ten years, or with fine, or with both.
- (2) Any person who attempts to commit an offence under this Ordinance shall be punished for a term which may extend to ten years, or with fine, or with both.
- Explanation.- For aiding or abetting an offence to be committed under this section, it is immaterial whether the offence has been committed.
20. Other offences.- Whoever commits any offence other than those expressly provided under this Ordinance, with the help of any electronic system or electronic device, shall be punishable with imprisonment of either description for a term which may extend to three years, or with fine, or with both.

or with both.

21. Offences by corporate body.- A corporate body shall be held liable for an offence under this Ordinance if the offence is committed by it. Provided that such punishment shall not absolve the criminal liability of the natural person who has committed the offence.

Explanation.- For the purposes of this section corporate body, includes a body of persons incorporated under any law such as the Companies Act, 1947.

CHAPTER-III

PROSECUTION AND TRIAL OF OFFENCES

22. Offences to be compoundable and non-cognizable.- All offences under this Ordinance shall be compoundable, non-cognizable and summary offences.

23. Prosecution and trial of offences.- (1) The Tribunal shall take cognizance of and try any offence under this Ordinance .

(2) In all matters with respect to which no procedure has been provided in this Ordinance or the rules made thereunder, the procedure shall be the same as in the Code of Criminal Procedure, 1949.

(3) All proceedings before the Tribunal shall be deemed to be judicial proceedings within the meanings of sections 193 and 228 of the Code of Criminal Procedure, 1949.

24. Order for payment of compensation.- The Tribunal may, on awarding punishment of imprisonment or fine or both for commission of an offence under this Ordinance, order the offender to pay compensation to the person who has suffered loss or damage. Provided that the compensation awarded by the Tribunal shall not prejudice any right to a civil remedy for the recovery of damages.

CHAPTER-IV

ESTABLISHMENT OF INVESTIGATION AND PROSECUTION AGENCIES

25. Establishment of investigation agencies and prosecution.- The Federal Government shall establish a specialized investigation agency for the purpose of investigating offences under this Ordinance. Provided that till such time any agency is so established, the investigation and prosecution of an offence shall be conducted in accordance with the provisions of the Code of Criminal Procedure, 1949.

Provided further that any police officer investigating an offence under this Ordinance may seek assistance of any special investigation agency.

26. Powers of officer.- (1) Subject to obtaining search warrant an investigation officer shall be entitled to,-

- (a) have access to and inspect the operation of any electronic system;
- (b) use or cause to be used any such electronic system to search any data contained in or available to such electronic system;
- (c) have access to or demand any information, code or technology which has the capability of retransforming or unscrambling encrypted data;
- (d) require any person by whom or on whose behalf, the investigating officer has reasonable cause to believe, any electronic system to provide him with any such information, code or technology;
- (e) require any person having charge of, or otherwise concerned with the operation of such electronic system to provide him with any such information necessary to decrypt data required for the purpose of investigating any such offence.

Explanation.- Decryption information means information or technology that enables a person to readily retransform or unscramble encrypted data.

(2) The police officer may, subject to the proviso, require a service provider to submit subscriber information relating to such system. Provided that the investigating officer shall get prior permission to investigate any service provider from the licensing authority.

(3) Any person who obstructs the lawful exercise of the powers under sub-sections (1) or (2) shall be liable to punishment with imprisonment for a term not exceeding six months, or with fine not exceeding five thousand rupees, or with both.

27. Real-time collection of traffic data.- (1) The Federal Government may require a licensed service provider, within its existing means of an electronic system. (2) The Federal Government may also require the service provider to keep confidential the fact that it has collected such data.

28. Retention of traffic data,- (1) A service provider shall, within its existing or required technical capability, retain its traffic data for a period of six months from the date of collection. The Federal Government may extend the period to retain such data as and when deems appropriate. (2) The service providers shall retain the traffic data under sub-section (1) by fulfilling all the requirements of data retention under the Information and Communication Technologies Tribunal Ordinance, 2015.

(3) Any person who contravenes the provisions of this section shall be punished with imprisonment for a term of six months, or with fine not exceeding five thousand rupees, or with both.

29. Trans-border access.- For the purpose of investigation the Federal Government or the investigation agency may require a service provider to provide access to publicly available electronic system or data notwithstanding the geographical location of the system or data. Provided that such access is not prohibited under the law of the foreign Government or the international agency: Provided further that the investigating agency shall inform in writing the Ministry of Foreign Affairs of Government of Pakistan or the relevant international agency.

CHAPTER - V

INTERNATIONAL COOPERATION

30. International cooperation.- (1) The Federal Government may cooperate with any foreign Government, Interpol or other international agency to enter into, or establish, reciprocal arrangements for the purposes of investigations or proceedings concerning offences related to interception of data.

(2) The Federal Government may, without prior request, forward to such foreign Government, Interpol or other international agency any information which might assist the other Government or agency in initiating or carrying out investigations or proceedings concerning any offence under this Ordinance.

(3) The Federal Government may require the foreign Government, Interpol or other international agency to keep the information confidential.

(4) The investigating agency shall, subject to approval of the Federal Government, be responsible for sending and answering requests for information.

(5) The Federal Government may refuse to accede to any request made by such foreign Government, Interpol or international agency if such request is not in accordance with the law of Pakistan.

(6) The Federal Government may postpone action on a request if such action would prejudice investigations or proceedings concerning any offence under this Ordinance.

Chapter - VI

INFORMATION AND COMMUNICATION TECHNOLOGIES TRIBUNAL

31. Information and Communication Technologies Tribunal .- (1) As soon as possible after the commencement of this Ordinance , the Federal Government shall constitute a Tribunal for the purpose of investigating and trying offences under this Ordinance.

(2) The Tribunal may hold its sittings at such place or places as the Federal Government may decide.

(3) The Tribunal shall consist of a chairman and as many members as the Federal Government may determine but not more than seven.

(4) The Chairman may constitute Benches of the Tribunal and unless otherwise directed by him a Bench shall consist of not less than three members.

(5) The Federal Government shall appoint the Chairman and members of the Tribunal.
