

On 1 July 2011, changes were made to the Electronic Communications Act (2003:389). This means that as a visitor to a website you must now actively agree to the site's use of cookies. Some cookies on MSB.se are necessary for the site to work properly, and these have already been saved on your computer. Other cookies are used in our improvement work, and you can accept those here. [What does this entail?](#)

I accept

MSB – Swedish Civil Contingencies Agency

The MSB is responsible for issues concerning civil protection, public safety, emergency management and civil defence as long as no other authority has responsibility. Responsibility refers to measures taken before, during and after an emergency or crisis

We work

- via knowledge enhancement, support, training, exercises, regulation, supervision and our own operations
- in close cooperation with the municipalities, county councils, other authorities, the private sector and various organisations
- to achieve greater security and safety at all levels of society, from local to global

The Swedish Government steers the MSB via a body of instructions and an annual appropriation. The instructions specify the MSB's responsibilities and tasks. The appropriation specifies the objectives and reporting requirements, as well as the resources allocated for MSB administration and MSB activities.

Read more about the MSB on these pages.
