(/EN/CONTENT/SITE-MAP)Inform(/en/content/what-botnets-are)Check(/en/content/check-and-remove-infections)Protect(/en/content/protect-your-computer-botnets)**WELCOME TO antibot.it!**

This web site aims at informing and raising awareness of Internet users on botnet threats. Here you can find useful information on botnets, online resources to check if your computer is infected, tools to remove infections as well as tips to prevent future infections.

Find out what botnets are ... (/en/content/what-botnets-are)Istituto Superiore delle Comunicazioni
e delle Tecnologie dell'Informazione**(<http://www.isticom.it>)**

Contents are supplied by **Istituto Superiore delle Comunicazioni e delle Tecnologie**

dell'Informazione (ISCOM) (<http://www.isticom.it>) - Ministero dello Sviluppo Economico.

**(<https://www.certnazionale.it/>)**

This initiative addresses the

institutional activity of ISCOM for network and electronic communication protection realized through the **Italian National CERT (<https://www.certnazionale.it/>)**, under Art. 14 of the 2013 Prime Minister's Decree 158.

Advance Cyber Defence Centre

(<http://www.acdc-project.eu/>)

This site was created as part of the European Project

Advance Cyber Defence Centre (ACDC) (<http://www.acdc-project.eu/>), involving several European organizations committed in countering botnets.
