### About Us

Cyber Appellate Tribunal has been established under the Information Technology Act under the aegis of Controller of Certifying Authorities (C.C.A.). The first and the only Cyber Appellate Tribunal in the country has been established by the Central Government in accordance with the provisions contained under Section 48(1) of the Information Technology Act, 2000.

The Cyber Appellate Tribunal has, for the purposes of discharging its functions under the I.T. Act, the same powers as are vested in a civil court under the Code of Civil Procedure, 1908. However, the procedure laid down by the Code of Civil Procedure, 1908 applies but at the same time the Tribunal is guided by the principles of natural justice.

The Cyber Appellate Tribunal has powers to regulate its own procedure including the place at which it has its sittings. Every proceeding before the Cyber Appellate Tribunal shall be deemed to be a judicial proceeding within the meaning of sections 193 and 228, and for the purposes of section 196 of the Indian Penal Code and the Cyber Appellate Tribunal shall be deemed to be a civil court for the purposes of section 195 and Chapter XXVI of the Code of Criminal Procedure, 1973.
