What we do

The NCA has a wide remit. We tackle serious and organised crime, strengthen our borders, fight fraud and cyber crime, and protect children and young people from sexual abuse and exploitation.

We provide leadership in these areas through our organised crime, border policing, economic crime and CEOP commands, the National Cyber Crime Unit and specialist capability teams.

The NCA works closely with partners to deliver operational results. We have an international role to cut serious and organised crime impacting on the UK through our network of international liaison officers.
