Activities

MAIN > Cyber-Patrol > Activities

Cyberpatrols are in charge of cleaning up the cyberworld and protecting internet users from illegal and harmful information by reporting any inappropriate information such as obscene materials and defamation to Illegal and Harmful Information Center.

Their activities are as follows :

- Monitor obscene information, spam, sexual violence, youth prostitution, etc.
- Monitor the circulation of obscene information and improper language, and defamation in chat rooms, instant messages, SMS, etc.
- Monitor anti-social cyber-crimes (Suicide, Bomb, Human traffic, etc.)
- Monitor child abuse, and violence against women.
- Monitor copyright theft and illegal transactions such as drugs.
- Report illegal and improper cases to Illegal & Harmful Information Center.
- Recommend helpful and valuable information for internet users.
- Participate in public relations of netiquette (etiquette of Internet users) and KISCOM's volunteering activities.
