CESG Service Catalogue

Our Services

The Assurance Landscape – Security you can trust

CESG and its industry partners provide information security services which reduce vulnerability to cyber attacks.

CESG uses its deep technical expertise and understanding of the threat to set standards and provide services which give customers and data owners increased confidence in the protection used for their information.

CESG Certification Mark

The CESG Certification mark provides customers and data owners with confidence that people, products, systems, services, and organisations have been evaluated and have met CESG’s security standards.

Terms and Conditions

The Service Catalogue provides information about the services offered by CESG, and allows you to register your interest in a particular service. However, the Catalogue is provided without commitment on the part of CESG and is not intended to be contractually binding.

To enter into any form of contractual agreement, please contact your Customer Account Manager (CAM) or Enquiries, who will be able to provide you with assistance.
